## **II. Discussion and Possible Action concerning Development of a Legislative Agenda and Responses to anticipated Legislative Inquiries**

Dr. Khera stated that this matter was coming before the Board for discussion and consideration, in light of recent events surrounding the search for a new Executive Director and the oversight of Board staff. By way of background, Dr. Khera stated that he was called upon by a State Senator to meet and discuss potential legislation involving the Arizona Regulatory Board of Physician Assistants (ARBoPA). Board members questioned the statutory authority of both boards, in terms of the relationship between the AMB and the ARBoPA. Mr. Tellier explained that the ARBoPA has independent regulatory authority over its licensees, but that statutorily the AMB's Executive Director and staff are to serve for the ARBoPA as well. The Board discussed the percentage of revenue generated by the ARBoPA versus the percentage of staff resources extended to the ARBoPA to carry out its functions. The Board discussed concerns regarding the growing population of Physician Assistants in the State of Arizona, and questioned whether the two boards could continue with one Executive Director serving both boards. Mr. Tellier pointed out that in the recent past, there has been a separation of the Massage Therapy and Naturopathic Boards, and that this may be used as a template for the ARBoPA if they desire to separate from the AMB.

The meeting adjourned at 6:18 p.m.
